6.3.5 - Institutions Performance Appraisal System for teaching and non- teaching staff

The institute follows the performance appraisal procedures as per UGC norms. A meticulously crafted performance appraisal system assumes a pivotal role in governing and enhancing the Institution's overall performance and management. The evaluation of teaching faculty encompasses three distinct parameters: academic, research, and extracurricular activities, and it is conducted through the Annual Performance Indicator (API), Annual Confidential Report (ACR), and Career Advancement Scheme (CAS). The ACR (Annual Confidential Report) serves as an internal evaluation mechanism, each employee fills out and submits online. It's certified by the employee's respective Reporting Officer and further certified by Reviewing Officer. Constructive feedback is given to the employee so that they can enhance their performance level. The API tailored for the regular teaching staff, assesses individuals across three criteria: teaching, learning, and evaluation-related activities; co-curricular, extension, and professional development endeavors; and research and academic contributions. By UGC regulations, the API is segmented into three stages, guiding Assistant Professors on their journey to attaining the status of Associate Professor. The college requires teachers to undertake a self evaluation every year. Departments compile the data for appraisal of teaching-learning activities of teachers through departmental reports which are forwarded to the Principal. IQAC of the college assesses these reports. Non-teaching staff members undergo evaluations based on specific parameters outlined in their self-appraisal proforma.
